

Associate Degree Nursing Curriculum Improvement Project Work Groups

The following groups are effective as of December, 2006. The Steering, Research, Technology, and Simulations groups are continuing their work from the first quarter. The writing teams, Program Outcomes Writing Team and the Concepts Writing Team are beginning their work.

Steering Committee

The Steering Committee will meet regularly to discuss the work of the CIP and to insure that the focus remains aligned with the objectives. Steering Committee members provide leadership to the CIP work groups and committees.
