CIP

Concept Writing Team Minutes

Wednesday March 7, 2007

Present: Chair: Kathy Williford, Charlotte Blackwell, Project Director, Laura Bliley, Rita Conner, Linda Collins, Helen Ayres, Janet Arthurs, Deborah Griffiths, Charles Wray, Martha Freeze, Delia Frederick, Susan Spence, Anne Jones-Sutton, Linda Wright, LuAnn Martin

The meeting was called to order at 9 am by the chair.

Charlotte Blackwell, CIP Director, gave the group a report from the committees within the project.

The chair distributed folders containing the health-illness and professional concepts developed at the last meeting and articles related to the top illnesses.

The team was divided into two groups with the assignment to confirm the definitions written at the last meeting and to develop exemplars under each concept.

Kathy reminded the group to be sure the concepts were easy to understand and broad enough. Numerous textbooks were brought to the meeting as references.

Wrap Up: at the end of the day, each group presented the work that had been done (see attachments).

After reviewing the work from the day, psychosocial, wellness, and reproduction are concepts that still need to be developed.

All concepts need to be validated in the literature.

A suggestion was made for a group, who has psychosocial area backgrounds, have a conference call prior to the next meeting to work on a draft of concepts for the psychosocial area.

Several members reported they liked having the homework assignment prior to the meeting.

NEXT MEETING: April 4, 2007 at Camp Caraway

Kathy will send out homework assignment by email prior to that meeting.

The meeting was adjourned by 4:45 pm.
